REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, in a grooving tool for forming a groove in a sidewall of a pipe using a grooving roller and a back-up roller; a first shaft attached to one of the grooving and back-up rollers, the first shaft being engageable with a power drive unit, the rotation of the power drive unit causing the first shaft and one roller to rotate, and a second shaft engageable with a hand crank, wherein a transmission extends between the first and second shafts such that rotation of the second shaft causes rotation of the first shaft thereby rotating the one roller, the rotation of the one roller by one of the power drive unit and hand crank causing relative rotation between the pipe and the rollers to form the groove.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Ed Tolan whose telephone number is 571-272-4525.
